## Anti-Discrimination Statement

We believe that all individuals have a right to be treated with respect and dignity, regardless of the differences between them in age, gender, marital status, race, sexuality, religion, culture, language or disability.

We will make every effort to work in an anti-discriminatory manner, challenging attitudes and behaviours that disadvantage individuals and/or groups in this school.

Everyone in Meadows is expected to behave in a way that acknowledges differences positively and not in a way that excludes, humiliates and damages.
