National Outcomes	NTSG Aim	NTSG Outcomes	Measures			Activity				
We have improved the life chances for Children, Young People & Families at risk	The third sector have a greater role in influencing service delivery and design in Children's Services both nationally and locally	***PROMOTE:*** *The Third Sector share with each other and public sector colleagues the contribution they can make toward Children's Services Planning and delivery of the GIRFEC provisions within the Children and Young People (Scotland) Act 2014*	Third Sector colleagues report increased opportunities to promote their practice through NTSG Project's local and national events	The Third Sector's views and contribution are highlighted through participation of the NTSG Project in national groups / events and in written briefings, responses and evidence.	There is increased awareness of the positive role of the Third Sector through Case Studies and Issues Papers developed by the NTSG Project	Promote and share positive practice examples of local and national partnership working in Children's Services. Facilitate visits for key decision makers to areas of good practice	Participate in relevant national groups, conferences and events. Respond to relevant national and local consultations (where appropriate). Provide briefings to MSPs and evidence to any Scottish Parliament committees.	Ongoing influencing including producing a series of briefings on third sector role in new community planning and health and social care structures as they relate to children's services		
We have tackled the significant inequalities in Scottish society		***SUPPORT:*** *The Third Sector have the information, tools and resources they need and utilise this to make a positive contribution to Children's Services Planning and the delivery of the GIRFEC provisions within the Children and Young People (Scotland) Act 2014*	Colleagues report positively about the use, im pact and effectiveness of NTSG project resources	There is local support in up to 10 CPP areas from the NTSG Project	There is engagement of a wide range of Third Sector organisations and Third Sector Interfaces in regular networking and learning events	Deliver support to develop or strengthen local third sector engagement infrastructures which raises awareness of and enable effective participation in children's services planning, e.g. voluntary sector children's forums	Deliver local workshops aimed at third sector organisations on a range of themes using tools developed by the project, including: understanding wellbeing, aligning outcomes to wellbeing, using the third sector touchpoints.	Organise and deliver networking and learning events for stakeholders within Children's Services, including third sector providers, community groups and statutory partners working with children and young people	Facilitate a national TSI Children's Services network to provide peer support and share good practice specific to their 'partnership broker' role	Capture the activity, developments, outputs and impact from local work in a written report for sharing learning
Our Public Sevices are high quality, continually improving, efficient and responsive to local people's needs		***COLLABORATE:*** *The Third Sector increasingly collaborate with each other and with statutory colleagues to strengthen the delivery of Children's Services Planning and GIRFEC provisions within the Children and Young People (Scotland) Act 2014.*	The NTSG Project captures and records evidence of collaborative practice for dissemination	Partnership practice examples are shared with stakeholders at local and national events and through the NTSG Project website and other appropriate online forums		Create opportunities for knowledge exchange across statutory and Third Sector colleagues to increase the sharing of GIRFEC/Childrens Service Planning practice, tools and resources	Offer support, advice or expertise to third sector organisations about GIRFEC / Childrens Service Planning	Participate in relevant groups including the 'Getting to Know GIRFEC' & 'Everyone's Children' Advisory Groups
