

Taking pride in our Diversity

No one should experience discrimination because of their sexual or gender identity. Barnardo's strives to be a SafeZone for everybody.

As an organisation, we work with a cross section of children, young people and their families, many of whom may have a direct or indirect connection with issues surrounding Sexual or Gender identities.

Barnardo's is committed to working closely with its national and regional Lesbian, Gay, Bisexual and Trans forum's to ensure that we celebrate difference, provide inclusive policies and the best support, practice and understanding for all children, young people and their families. Everyone, including our staff and volunteers, has the right to feel safe, to feel supported and be represented within our organisation. We can change attitudes by working together to ensure that no-one, now or in the future has to suffer discrimination, ignorance and rejection.

We celebrate who we are with Pride.
