

See the person... Celebrate their diversity

At Barnardo's, we believe in children no matter what their race, gender, religious beliefs, background, circumstances or disability. We recognise the need for a diverse workforce and volunteer base to best serve the needs of increasingly diverse communities of the UK and children, young people and families who access Barnardo's services.

Barnardo's is committed to improving equality, diversity and inclusion practice in employment and in the delivery of our services to ensure that we achieve the aim of our ten year Corporate Strategy of 'Better outcomes for more children'. We also currently support a number of national and local diversity forums, with an aim to ensure we live up to Barnardo's basis and values and take full regard of the diversity of our staff, volunteers and service users.

We believe that in order for Barnardo's to achieve its vision, as an organisation we must put equality, diversity and inclusion at the heart of everything we do and make it everyone's responsibility.
