

# Taking pride... in our LGBT diversity

Barnardo's believes that no one should experience discrimination because of their sexual orientation.

As an organisation, we work with a diverse cross section of children, young people and their families, many of whom have a direct or indirect connection with lesbian, gay, bisexual or trans (LGBT) issues.

Barnardo's is committed to working with its LGBT Forum to ensure that we provide inclusive policies and the best support, practice and understanding for LGBT young people, their families and for our LGBT staff and volunteers. By doing this, we can change people's attitudes to ensure that future generations do not have to suffer discrimination, ignorance and rejection.
