Believe in children

Barnardo's

**Tutors and course leaders take note! If you teach music, drama, dance or other courses in performing arts then consider working with Barnardo's and give your students the chance to make a difference whilst working towards their qualifications!**

**Barnardo's are asking performing arts students to apply their artistic and technical skills and donate proceeds from their end of year show or assessed events to raise vital funds and help support disadvantaged children across the UK.**

### **Benefits of making a song and dance for Barnardo's include:**

- having training, advice and ongoing support from a dedicated Barnardo's student programme officer
- the offer of expertise in events management
- support from our professional media team and designers
- provision of Barnardo's resources (t-shirts, balloons, banners, collection tins...)
- the opportunity to work with a nationally recognised and respected organisation
- raising the college's profile and recognizing student enrichment.

Barnardo's are one of the UK's leading children's charities and run 394 vital projects nationwide, and work directly with 115,000 children, young people and their families to overcome severe disadvantage. We enable them to address problems like abuse, homelessness and poverty and tackle the challenges of disability. We do this because we believe children have only one chance of a childhood.

**'Working with Barnardo's to put on a fundraising gig could not have been easier, I was supported every step of the way. The students really loved the experience as it gave their end of year gig a special focus and enabled them to be part of a very successful charitable event, which raised £150.'**

*John Stiles,  
Course Leader BTEC  
First Diploma Music at  
Sussex Downs College*
