Aims, objectives and outcomes

Aims

At Barnardo's, we believe that a child's future should never be defined by their past; every child deserves the chance to fulfil his or her potential.

We recognise that the children we seek to place are among the most vulnerable in our society. Children's views, wishes and feelings will be acted upon, unless it is contrary to their interests.

Barnardo's believes that good parents come from many different backgrounds and are as varied as the children we seek to place. Prospective adopters are required to demonstrate that they can safely and skilfully parent a child to independence and beyond. Adoption is a lifelong commitment and Barnardo's is committed to remaining responsive and supportive throughout that journey.

Barnardo's understands the importance of ethnic and cultural identity in its family placement work and aims, where possible, to achieve placements with adopters who reflect and/or promote the ethnic origin, cultural background, religion, and language of the children to be placed.

Appropriate support will be offered to each family to enable them to address the child's particular needs. This will include enhancing the parents' ability to understand and promote the child's positive self-esteem, confidence, and identity. Barnardo's has access to a wide spectrum of support services which can be accessed to respond to individual need.

Objectives and outcomes

1. To provide children with safe, secure, and lasting adoptive families and our policies and services are directed towards achieving this outcome for children in need of adoption.
2. To increase placement choice and to reduce delay in the adoption process for children. The children most likely to need our service are those of black and minority ethnic backgrounds, sibling groups, school-aged children, children who have additional needs arising from learning or physical disabilities and children with emotional and behavioural difficulties.
3. To recruit, prepare, assess, and support prospective adoptive families. Potential adoptive families will be considered on the basis of their capability to meet the needs of the identified children.
4. To seek and provide a high level of emotional, practical, and legal support to children and families post adoption. The agency will

Barnardo's Yorkshire Adoption

look to help families in accessing the appropriate adoption support.

5. The agency offers support and counselling to adults who have an adoption connection and offers an intermediary service to adults for whom Barnardo's is the relevant adoption agency.
6. Barnardo's can offer a range of training and consultancy.

Recruitment, approval, review and support for adoptive parents

This section provides information on the procedures for recruiting, preparing, assessing, approving, and supporting prospective adoptive parents.

Initial enquiry

On receiving an enquiry from a prospective adopter, we will respond and take enquirers initial details to ensure that they live within our geographical recruitment area. We will answer questions enquirers have about the adoption process and send them an information pack which will include further details about adoption and the processes.

Information meeting

If an enquirer wishes to proceed, they will be invited to an information evening. This maybe an online or face to face event. They are usually held monthly, and the dates will be available to view on our website. Here enquirers will be given more information about adoption and particularly the adoption process, the children who need adoption and how we can support them.

Initial visits

We can also offer initial visits, these can be face to face at the enquirers' home or virtual usually using video technology. These visits provide more information and help enquirers decide if they feel adoption is for them. This is an opportunity for enquirers to find out more about the adoption process and allows us to find out more about enquirers. After this, the enquirer will have time to consider whether adoption is right for them at this time.

If the enquirer wishes to move to the next stage, they will be required to formally complete the Registration of Interest form.

Registration of Interest form and checks

The Registration of Interest form will request consent from an enquirer for us to make the following checks:

- DBS checks to obtain information about criminal behaviour and convictions. Not all offences will create difficulties with regard to an application, but it is essential that any concerns are discussed when we take up the Registration of Interest.
- References from other agencies such as Local Authority (LA) Children Services, mortgage providers or landlord and employer.
- We will request details of personal references, and these will normally include both family and friends who know you well. This will be discussed further with you.
- We will also request consent for a full medical check.

When a Registration of Interest form has been submitted to the agency, we will respond within five working days and, if accepted, we will request that the enquirer be in a position to commence the Stage One process.

Stage One – The Pre-Assessment process

It is expected that Stage One will normally be completed in two months. During this stage, the prospective adopter will be exploring the extent of their interest in and capacity for adoption, prior to the agency making the decision on whether to proceed to Stage Two. For this reason, Stage One will focus on initial training and preparation, and on ascertaining, through prescribed checks and references, whether there is any absolute reason why the enquirer should not proceed further.

Part of this stage will require the enquirer to complete tasks in their workbook such as describing their family, learning about children who may be adopted, sharing their experience with children, etc.

We recognise that people come to adoption from many different circumstances and life experiences. We will fully guide an enquirer so that they can discover the strengths and vulnerabilities they may bring to the task of adoptive parenting. We will together draw up a Stage One agreement which will clearly set out what needs to be done in a way that feels right for the enquirer.

Preparation training

During this stage we will invite the enquirer to start a preparation course. This involves a series of sessions with other people who are in Stage 1 and specialist staff. This will give the enquirer information and opportunities to thoroughly explore their expectations of adopting.

They will meet other people at the same stage of the process, as well as people who have already adopted and will be given the chance to think more about the children in need of adoption. This is a compulsory part of the adoption process.

During Stage One, we will complete the formal checks and ask the enquirer to visit their GP for a medical check. We will keep in touch with the enquirer throughout Stage One and towards its completion will review progress with them and highlight any concerns or need for further enquiries.

Stage One ends with the decision as to whether the prospective adopter is suitable to proceed to Stage Two assessment. If so, and they also wish to continue, the enquirer will be asked to confirm their acceptance within six months and will need to be fully available to engage in Stage Two at that point.

Application to Stage Two

When we receive an enquirer's acceptance of the invitation to Stage Two, a social worker will meet them and together they will complete a Stage Two plan (Agreement). This will indicate a timeline for undertaking the prospective adopter's individual assessment and this stage would normally be completed within four months.

Adoption assessment process

During the assessment process the prospective adopter's worker will spend more time with them, getting to know them better and exploring their life story and family history. If the enquirer has children at home, their social worker will also need to get to know them as part of the family unit.

Towards the end of this stage the worker will complete a Prospective Adopter's Report (PAR) or an Adoption Assessment Report (AAR) to be presented to the Adoption Panel.

The prospective adopter will have an opportunity to see and comment on this report before it is presented to the panel. The Adoption Panel is made up of experienced individuals from a range of professions working with children and may also include someone who has previously adopted and someone who has been adopted. The panel will consider the information provided and the prospective adopter will be invited to meet them in person after which they will make a recommendation as to whether the enquirer is suitable to adopt. The final decision is then made by the Barnardo's Adoption Decision Maker.

Family finding/matching

Once the prospective adopter has been approved as 'suitable to adopt' we will assist them in family finding. We will meet with the approved adopters and complete a Matching Plan Agreement which outlines the process in identifying a child/ren for whom the approved adopter may be suitable. We will also assist them to draw up a short profile of themselves which will be shared with family finders for children in Local Authorities. We ask that all approved adopters prepare a book or DVD about themselves to share with the child who may eventually join their family. The approved adopter will also be registered on Linkmaker which supports linking approved adopters with children who have an adoption plan. There is currently no active National Adoption Register in England.

Children needing adoption are referred in a number of ways and an approved adopter's social worker and family finders will support them in looking at profiles of children and expressing an interest in children

whose needs they feel they can meet. If the child's social worker feels that the approved adopter may be the right individual/family then meetings will take place to discuss the child in more detail allowing the adopter to get as much information as possible.

When the approved adopter and the workers agree that all seems right, a formal 'matching' recommendation will go to the Local Authority's Adoption Panel. Prospective adopters are usually required to attend this panel. This will also involve recommendations about any additional support the adopter may need.

If the 'match' is agreed, then a meeting will take place with the adopter to plan the introductions and placement. At Barnardo's we will work closely with adopters throughout these processes and support them in settling the children into their family.

Once a child is placed, the child's social worker and the adopter's social worker will continue to visit the family regularly to make sure all is well. The adopter will be supported throughout the placement and through to the adoption order court hearing and regular review meetings will take place until the child is legally adopted. The adopter will also have the opportunity to attend further training, adopter support groups and social events and be part of our mentoring scheme. Once everybody is confident that the placement is going well, the adopter will be able to apply for an Adoption Order. The timing of the application will be discussed at the review meetings.

Post-adoption support

Adoption is a lifelong journey and Barnardo's will support adopters every step of the way including in the years that follow. Post-adoption support is assistance or support required for the purpose of ensuring the continuance of the relationship between an adoptive child and their adoptive parents. When a child is placed with an adopter, there will be an adoption support plan drawn up which will reference both of their support needs. Many families need additional support and there are several services available to help as the adopter and child build their relationship. Barnardo's offers a range of support and the right option for an adopter will depend on their individual situation. When the adopter gets in touch with us, we will work with them to identify their adoption support needs.

Monitoring and evaluation

- All Social Workers are registered with Social Work England and all staff are subject to DBS checks and references.
- All staff receive regular formal supervision and an annual Performance and Development Review (PDR) which is formally reviewed at least once in the course of the year.

Complaints and Representations

Children placed with Barnardo's adopters have access to a complaints procedure and children will be encouraged and supported to raise any concerns and make a complaint when they wish to do so. An advocate, either their Social Worker, adoptive parent or a children's rights worker, or a friend will help and support them in being heard. Children's personal wishes are considered, where appropriate, as are their age, ability and understanding. Children who are placed for adoption through Barnardo's can make a complaint or representation at any time in the present or into the future including complaints about any form of historical abuse.

The aims:

- To ensure redress for children and young people and adoptive parents through an open and fair processes.
- To promote the participation of children, young people, and their families.
- To safeguard and protect children, young people and vulnerable adults by providing a process for them to raise concerns about the service they are receiving
- To improve service delivery through learning from complaints and representations

All prospective and approved adopters have access to the Barnardo's complaints procedure and will be given information on how to contact /complain including a complaint to the relevant inspectorate body through written information provided from enquiry and beyond. Barnardo's has a designated lead manager/advisor for complaints to ensure that all concerns are fully supported and managed in a way that is helpful and complies with the complaints procedure and policy.

In England and Wales, once a prospective adopter's application has been considered by a Panel which does not recommend approval, applicants have access to the Independent Review Mechanism (IRM) through the Panel Representation Procedures (copies of which are available in branches).
