Things you can do to support yourself

Welcome!

Thank you for your referral. You are now on our waiting list for an assessment with our Navigation Team. We know waiting for support can lead to a whole range of emotions. This booklet is for any young person who would like to know a bit more about our service. It is full of support information that can be used while you are waiting for one of our excellent practitioners.

**You are not alone.
Well done for taking
this first step.**

What can you expect from us?

You will receive a text message inviting you to book an online assessment. You will then receive an email with the video link consent forms and profile of the person you and your child/young person will be meeting. They will complete an assessment and together, we will come up with a plan of support for you.

What do we need from you?

For you to tell us if anything has changed. For example, if you feel you don't need support from us anymore.

Before continuing, please make sure you have given us the best phone number to contact you on.
