These are all solo foster homes.

Emergency

We have foster carers who can provide unplanned / emergency foster homes, for children/ young people need somewhere to stay often at short notice and with little information.

The service runs a remand service in partnership with Warwickshire County Council. Remand foster homes can last between 3 months and a year depending on the court process. These are all solo foster homes.

Post 18 Homes

These enable young people to remain in their foster home on a 'staying put' basis, once they reach 18, and foster carers will support their transition into adulthood and living independently.

Recruitment & Support for Foster Families

Barnardo's policies, procedures and standards for the recruitment and assessment of foster carers are in line with required regulations and standards for fostering services.

Enquiries

On receiving an enquiry from a prospective foster carer, we take basic information and provide an information pack. An initial home visit is then arranged to discuss in more detail the work of the service and to answer any queries or concerns the enquirer may have. A decision will be reached as to whether the prospective foster carer wishes to and is, suitable to proceed.

Assessment and Approval

If a prospective foster carer is suitable and wishes to proceed, an application to be assessed is completed, including consent for the Fostering Service to undertake background checks to ascertain suitability to foster.

The process for assessing a person's suitability to foster consists of two parts. This is referred to as **Stage 1** and **Stage 2**. These stages can be carried out concurrently, but the information for **Stage 1** must be sought as soon as possible, and the decision about whether an applicant has successfully completed Stage 1 must be made within 10 working days of all the information required in that stage being received by the fostering agency.

Stage 1

In accordance with Regulation 26 (1A) the information gathered in Stage 1 includes:

- Full details of the applicant(s) and all household members as well as any children of the applicants living elsewhere.
- Criminal records checks undertaken on household members via the DBS / PVG/ Disclosure Scotland/ Access NI on all household members 16 years and over (over 10 in NI), as well as checks with the local authority/ trust, and any previous fostering / adoption agencies.
- Criminal records checks may also be undertaken on any other regular visitor to the household who may have care of foster children. Some checks are repeated every three years.
- The applicant/s are required to have a medical examination which is completed by their GP, who sends the completed Medical Report to Barnardo's Medical Adviser for comments about the applicant/s health.
- The applicant/s is also asked to name three to six personal referees from which a minimum of three will be selected to provide written references and who will also be interviewed as part of the approval process. Where appropriate we also ask for permission to approach the applicant's current or past employer. Adult children and previous partners will also be contacted.

Stage 1 of the assessment process is intended to provide the Agency Decision Maker with basic information about the applicant's suitability (or not) to proceed to Stage 2 of the assessment in which more detailed information is collected.

Stage 2

If it is decided to undertake Stage 2 of the assessment, regulation 26(2) requires the fostering service to obtain the information about the applicant set out in Part 2 of Schedule 3:

- Details of personality and childhood and life experiences.
- Capacity to care for a child/ young person from any particular religious persuasion, racial origin, cultural and linguistic background.
- Past and present employment or occupation, standard of living, leisure activities and interests.
- Previous experience (if any) of caring for their own and other children.
- Skills, competence and potential relevance to their capacity to care effectively for a child/ young person who will be fostered by them.

A qualified and experienced social worker will carry out the assessment by carrying out a number of visits to the applicant at home, and virtually, meeting all members of the family and gather information about the applicant's experience and skills. The information will be collated and forms the basis of an assessment report (Coram BAAF Form F). This report is shared and discussed with the applicants.

During the assessment preparation period, Skills to Foster training is provided by the Service. This includes the role and responsibilities of foster carers, working with different agencies, and child/ young person attachment, trauma and development. All applicants are required to attend.

Panel

The completed assessment report is presented to the Fostering Panel. Applicants are invited to attend the Panel.

The Panel will make a recommendation about the suitability of the applicants to be approved as foster carers. The recommendation is then passed to a Senior Manager in Barnardo's, who is nominated as the organisation's 'Agency Decision Maker', who makes the final decision about approval on behalf of Barnardo's.

Applicants are informed verbally and in writing of the Agency Decision Maker's final decision.

Matching

Our matching process and planning take account of our foster carers particular strengths, skills and experience.

Our induction training and support programme for foster carers enables us to assess and match children and young people with suitable foster parents. This promotes good foster home stability and is always child/young person focussed.

All children/young people placed with foster carers have access to health, activity, education, and employment opportunities in accordance with their assessed needs, considering for example, their age, cultural identity and cognitive and physical abilities.

Foster Carer Reviews

Reviews take place by Barnardo's Fostering Service, in line with regulatory requirements of a foster carer Regulation 28 (2).

A first review must take place within 12 months after approval and subsequent reviews take place every 12 months thereafter. Barnardo's must be satisfied that the foster carers continue to meet the required standards as set out in Regulation 28 (4).

Reviews may also take place at other times for example as a result of a request to change the terms of approval; following a serious complaint, allegation of abuse, or other matters of serious / safeguarding concern, in response to a significant change of circumstances, such as a carer's adult child returning home, relationship problems or separations, significant health issues, pregnancy, etc.

Foster carer support

Barnardo's Fostering Service values the work that foster carers do and the contribution they make to the lives of children and young people in their care. Foster carer training

Barnardo's Fostering Service recognises that fostering is a complex and demanding role and we are committed to providing high quality training that is accessible and relevant to all our foster carers. Training is provided to help foster carers develop their fostering role, to improve knowledge and to define and refine the skills they already have. The training is delivered within an explicit value base which promotes equality of opportunity and recognises and celebrates diversity. It seeks to ensure that all foster carers are competent and confident in providing safe care and in protecting children/young people from harm.

Foster Carers are supported to complete Training Support and Development Standards for foster carers (TSDS) within 12 months of Approval for full time and 18 months for Planned Break foster carers.

Complaints

The aim of Barnardo's complaints process is to resolve a complaint at the most informal level possible. Complaints can be made in writing or orally to any member of staff up to and including the CEO.

The stages to managing any complaint are:

Stage 1 – Early Resolution

A worker or manager listens to the complaint and agrees a course of action to resolve the situation. It is an opportunity to resolve concerns or complaints without recourse to a formal process.

Stage 1 – Formal Complaint

When the worker or manager has been unable to resolve concerns at the early resolution stage or the complaint is such that the manager considers a stage one would be the first step.

Stage 2 – Final Complaint

When the complaint has been investigated at Stage One and the complainant remains unhappy with the outcome. Decision to investigate at stage two is made by the complaints lead manager. Another manager will be the investigating officer and an independent person will shadow investigation.
